

**PADAWAN MUNICIPAL COUNCIL**  
**ENVIRONMENTAL POLICY STATEMENT**

**Vision: An Efficient and Sustainable Padawan Municipality**

**Strategic Thrust:**

It is our intent to effectively manage and improve our environmental performance and minimize the impacts of our business on the environment and communities.

**Our Commitment:**

Padawan Municipal Council shall strive to incorporate sustainability into our daily operations through internal and external efforts. Strategies to achieve it:

**Comply:**

Complying to all applicable environmental laws, regulations and policies.

**Continual Improvement:**

Continually improve on effectiveness of environmental management.

**Prevention:**

Take reasonable and as far as practicable steps to reduce environmental risks in our operation.

**Managing Risks:**

Provide the necessary resources, organization, system to effectively manage environmental risks.

**Managing Impacts:**

To identify, assess and control environmental impacts related to our operations.

**Be proactive:**

To train staff and develop competencies to implement and monitor environmental control.

**Collaboration:**

Collaborate with stakeholders in preventing and managing environmental risks.

**Lead from the Top:**

People with responsibility will lead by example. Management will regularly review our environmental objectives and targets.

**Total Inclusivity:**

All staff will be made aware of the impact of our services on the environment and of ways that we can minimize this impact.
